

ICAP at CROI 2018

Hynes Convention Center
Boston, Massachusetts
March 4–7, 2018

Sunday, March 4

9:00 a.m.

Program Committee Workshops for Young Investigators and Trainees

Conveners:

- *Serena S. Spudich, Yale University*
- *John W. Mellors, University of Pittsburgh*

Speakers:

- Animation of the HIV Life Cycle
Janet Inasa, University of Utah
- Advances in Molecular Virology
Frank Kirchhoff, Ulm University Medical Center
- Advances in Immunology
Alexandra Trkola, University of Zurich
- Advances in Tuberculosis Treatment and Prevention
Richard E. Chaisson, The Johns Hopkins University
- Advances in HIV Prevention
Wafaa M. El-Sadr, ICAP at Columbia University
- Advances in HIV Cure
Huldrych F. Günthard, University of Zurich

ICAP at CROI 2018
#FrontlineResearch

Sunday, March 4 (cont'd)

2:00 p.m.

Concurrent Workshops

Clinical Trial Design and Analysis Workshop

Conveners:

- *Susan P. Buchbinder, San Francisco Department of Public Health*
- *Richard E. Chaisson, The Johns Hopkins University*

Speakers:

- Seeing the Forest Through the Trees: Using Phylogenetics to Impact the Epidemic
Susan J. Little, University of California San Diego
 - Measuring Population-Level Impact of Interventions
Jessica E. Justman, Columbia University
 - Pragmatic Trials
Alison Grant, London School of Hygiene & Tropical Medicine
-

Monday, March 5

2:30 p.m. – 3:30 p.m.

Poster Presentations

- Persons Living with HIV (PLHIV) with Advanced HIV Disease: Need for Novel Care Models
Presented by: Chloe Teasdale (Poster #1431)
- High Mortality among PLHIV with TB in Lesotho Despite High ART Uptake
Presented by: Andrea Howard (Poster #2049)
- Integrated vs Referred Management of CVD Risk Factors for HIV+ Patients in Swaziland
Presented by: Miriam Rabkin (Poster #1782)
- Quantifying Visit Adherence in Pregnant Women Initiating ART in Swaziland
Presented by: Nontokozi Langwenya (UCT) (Poster #1753)
- Milestones and Outcomes of Young Adults with Perinatal HIV Infection or Exposure
Presented by: Elaine Abrams (Poster #2152)
- Tuberculosis Disease and Isoniazid Use in South African Children Living with HIV
Presented by: Chloe Teasdale (Poster #967)
- Early Clinical Events after ART Initiation in Pregnancy Influence Viral Load Outcomes
Presented by: Jasantha Odayar (Poster #2531 – MCH-ART-4)

Tuesday, March 6 – UPDATED

10:00 a.m. – 12:00 p.m.

Oral Presentation

High HIV Burden among Children in Lesotho: Findings from a Population-Based Survey

Presented by: Kyaw Thin (Ref: Poster #824)

1:30 p.m. – 2:30 p.m.

Themed Discussion

Persons Living with HIV (PLHIV) with Advanced HIV Disease: Need for Novel Care Models

Presented by: Chloe Teasdale (Ref: Poster #1431)

2:30 p.m. – 3:30 p.m.

Poster Presentations

- HIV-Positivity among HIV-Exposed Infants in Lesotho in the Era of Option B+
Presented by: Tiffany Harris (Poster #2760)
 - High HIV Burden among Children in Lesotho: Findings from a Population-Based Survey
Presented by: Kyaw Thin (Poster #824)
 - Effect of Undisclosed HIV+ Status on Linkage to and Retention in Care
Presented by: Harriet Nuwagaba-Biribonwoha (Poster #1077)
 - Better Treatment Outcomes for Rwandan Children after “Treat All”
Presented by: Stephen Arpadi (Poster #2025)
 - Prevalence and Predictors of Hepatitis B Virus Infection and Human Immunodeficiency Virus Coinfection, Zambia 2016
Presented by: Suzue Sairo (Poster #614)
 - Postpartum Mobility and Transfer of Care among HIV+ Women on ART in South Africa
Presented by: Tammy Phillips (Poster #2447 – MCH-ART-4)
-

Wednesday, March 7

11:15 a.m. – 11:30 a.m.

Oral Presentation

ART Detection and Resistance During Viraemic Episodes in Pregnancy and Breastfeeding

Presented by: Landon Myer (Poster #140 – MCH-ART-4)

2:30 p.m. – 3:30 p.m.

Poster Presentations

- Engagement in Care and Infant HIV Testing among Lost to Follow-Up Option B+ Patients
Presented by: Bill Reidy (Poster #3380)
- Barriers to HIV Testing in Swaziland: Effect of Family Support and Travel Time
Presented by: Harriet Nuwagaba-Biribonwoha (Poster #986)

Wednesday, March 7 (cont'd)

- Durability of Financial Incentives Effect on Viral Suppression and Continuity in Care
Presented by: Wafaa El-Sadr (Poster #1145)
- The Effects of HIV Treatment on Uptake of TB and NCD Treatment by Household Members
Presented by: Suzue Saito (Poster #3070)
- Comparing Self-Reported Viral Load with Home-Collected HIV-RNA among High-Risk MSM
Presented by: Richard Teran (T32) (Poster #722)
- ART Detection and Resistance During Viraemic Episodes in Pregnancy and Breastfeeding
Presented by: Landon Myer (Poster #1192 – MCH-ART-4)
- HIV Viraemia in Pregnancy and Neurodevelopment of HIV-Exposed Uninfected Children
Presented by: Landon Myer (Poster #2420 – MCH-ART-4)
